A WARM

Hello

IN THE WORLD OF

GÖTZ DOLLS 2021

Creative play endows children with a world they can experience in active role-play only.

Even more so they can assimilate all the impressions they have daily. The neutral look of our Götz girls and babies allows the child to interpret any emotion, like joy, sorrow or affection – they can feel understood.

Deliberately abstaining from electronic functions, fantasy can unfold boundlessly.

Redundant amenities are reduced, the child can concentrate on play completely. Cognitive abilities such as learning, thinking, empathizing or memory are stimulated, as well as creativity and fine motor skills, thanks to endless variation and detail. Motor skills are also promoted through playing with the dolls.

Sincerely yours, The Götz Family

STORY TO TELL

As colorful as you.

Our story starts with Emma. Emma is a girl like you and me. Emma enjoys to play with her toy, visits the playground with mum or dad and loves to dream in her own world of fantasy. But sometimes Emma feels strange.

She feels unlike her friends. She thinks differently about some things, and acts unlike her friends.

But you know what? This is not being unlike – but being unique. Every human is unique. You as well! Be happy about yourself! You are wonderful. Just like Emma, you are a strong and unique child.

Always believe in yourself.

Tinker

YOUR OWN

rainbow

FOR YOUR ROOM

1

Simply cut a paperplate in the middle and cut out a semi-circle.

2

Color the paperplate to a rainbow. We chose the original rainbow shades, be free and choose colors to you liking.

3

Shape cotton wool to little clouds and glue those onto the rainbowplate. Cut crepe paper into streaks and glue the upper edges onto the back of your paperplate finish to have them hanging down. Push two holes on the upper edge of your plate and pull a ribbon through for a hanging. Tada your rainbow room decoration is finished.

Summer, Sun, Sunshine

Did you know?

The sun is good for us, nevertheless we need to shelter our skin from too much sun. Sunhats, sunglasses, suncreme and sunshade are not only stylish but also essential companions during summer.

Tinker FUN Walnut Animals

AS A GIFT, TO SHARE OR DECORATE

1

Let your parents crack the nut to get real halves. Paint them white to have bright colors when decorated. Oh by the way - you do not have walnuts - stones will do as well.

2

Then color your whitened shells or stones with the chosen color of your animal. Hedgehogs are brown, rabbits can be pink or the frog in green. Make sure the color is dried of.

3

Now it is time for details. Add eyes patterns and face. There is no limitation to your creativity.

Did you know?

190 years ago mankind thought to cast out evil spirits with pumpkin faces. There are no evil spirits but the funny pumpkin faces do exist.

STORY TO TELL

Do you know the fairy tale hare & hedgehog?

It is autumn. The hedgehog goes for a walk, when he met a hare. The hare asks: "Why are you awake so early?" The hedgehog replies: "I am going for a walk." The hare laughs and says: "Those squiggly legs cannot go for a walk." The hedgehog is very upset and replies: "Well that can be put to a test. I wager that if we run a race, I will outstrip you." The hare smiles and thinks: "The hedgehog cannot be faster with his squiggly legs." They arrange to meet. In the meantime the hedgehog talks to his hedgehog wife: "Do you see this field. This is where we will compete. You wait for the hare in the furrow there." Ready steady go! The hare starts running. Whereas the hedgehog just goes three steps and hides. The hare reaches the finish. Spotting the hare the hedgehog wife shouts: "I am here already!" The hare is astonished and thinks: "This is impossible!" The hedgehog is pleased. He won the wager. With his wife they make their way home happily.

We  to give

Giving a gift is not the easiest thing in the world - that's something parents learn quickly and sometimes painfully. Not everything that mum and dad or grandma and grandpa think is great also finds a place in the little ones' hearts. Give sensibly is the motto and do not give too much. The latter overwhelms us faster than we can breathe. Also, the gifts, should inspire creativity, cognitive thinking or even motor skills. Wish lists are a good help here for all gift-givers. Ask the child and think together with the little ones what would really be a great gift and what would be appropriate right now. Order our magazin with our I wish for stickers or create a wishlist online. Have a look with your child and you will find many wishes for birthday, christmas or other occasions. This is how you create a world of play at home, which really allows creative play, is sensible and fun!

Wrapped sustainably - it can be used in many ways - nothing goes to the bin.
