**Mini Me**

LET YOUT
crown sparkle!

For you and your doll! Post your handcraft talents on instagram!
#goetz4you

You need:
- scissors
- cardboard
- colourful glitter
- glue
- cutting mat

1. Print the crown below onto the cardboard. Cut it out. If you need a hand, your parents surely won't mind helping.

2. Put the glue onto one side of the cut out crowns – distribute carefully to make sure the glitter stays on.

3. Sprinkle the glitter onto the crown – you can repeat this. Work on a cutting mat to reuse the glitter falling aside.
