# Hello

IN THE WORLD OF  
GÖTZ DOLLS

Creative play endows children with a world they can experience in active role-play only.

Even more so they can assimilate all the impressions they have daily. The neutral look of our Götz girls and babies allows the child to interpret any emotion, like joy, sorrow or affection – they can feel understood.

Deliberately abstaining from electronic functions, fantasy can unfold boundlessly.

Redundant amenities are reduced, the child can concentrate on play completely. Cognitive abilities such as learning, thinking, empathizing or memory are stimulated, as well as creativity and fine motor skills, thanks to endless variation and detail. Motor skills are also promoted through playing with the dolls.

**Sincerely yours, The Götz Family**

## NAMASTE

Originates in India and translates into "I bow to you"

The yoga outfit comes for my bigger sister as well 34 03156

Cool! All of this belongs to the doll.

1

Your doll is extremely posable & can practice yoga with you - try it - maybe your parents join in as well.

2

The cool Götz yoga dice helps with the asanas. Just throw it and practice the asana the dice shows.

3

With the yoga alphabet you can practice your favorite letters or even complete words.

# FROM Old MAKE New

## TINKER YOUR DREAMCATCHER FROM AN OLD CD

1

Cut a 150 cm long string of wool. Wrap it several times through the hole of your CD around the CD. Tie the edges together.

2

To create a colorful dream catch, fix a wool string in the center of your CD. Thread those strings alternately over and under your threads spanned in step 1.

3

To change the color just tie the following color onto the edge of the previous color. cut off the excess of the previous color and repeat step 2.

4

Your dream catcher has enough color? Then it is about time to fix two long wool strings on the back and to thread pearls onto those. To prevent them from falling of finish with a knot.

# Flower + Meadow = Flower meadow

To protect and help our climate not only a green meadow is needed. Bugs, bees and flowers are a must. To shelter our colorful nature, insects are essential. Solely those little critters can make the meadow shine in the colors we all love so much. Therefore, we need to protect and care about our nature. Did you paint a flower before or maybe you have a dress or shirt with flowers. Have a look and dress like Elisabeth.

# Flower balls

FOR BEES

Mix 5 tbsp flower soil,  
1 tbsp flower seeds of  
your liking and 1 tbsp  
clay in a big bowl.

Then add water drop  
by drop and knead  
the mixture until it  
forms an even mass.  
Shape your mass  
into balls the size of  
walnuts.

Let the flower balls  
dry in an egg box.

Dig your flower balls  
in the earth to awake  
them. After some time  
you will see flowers  
grow right where you  
buried your flower  
balls. Psst can you  
here the bees hum?

STORY TO TELL

# Do you know the fairy tale hare & hedgehog?

It is autumn. The hedgehog goes for a walk, when he met a hare. The hare asks: "Why are you awake so early?" The hedgehog replies: "I am going for a walk." The hare laughs and says: "Those squiggly legs cannot go for a walk." The hedgehog is very upset and replies: "Well that can be put to a test. I wager that if we run a race, I will outstrip you." The hare smiles and thinks: "The hedgehog cannot be faster with his squiggly legs." They arrange to meet. In the meantime the hedgehog talks to his hedgehog wife: "Do you see this field. This is where we will compete. You wait for the hare in the furrow there." Ready steady go! The hare starts running. Whereas the hedgehog just goes three steps and hides. The hare reaches the finish. Spotting the hare the hedgehog wife shouts: "I am here already!" The hare is astonished and thinks: "This is impossible!" The hedgehog is pleased. He won the wager. With his wife they make their way home happily.

**And the learning is:  
Never think you are  
better, everybody  
is special in  
his/her own way.**

# We to give

Giving a gift is not the easiest thing in the world - that's something parents learn quickly and sometimes painfully. Not everything that mum and dad or grandma and grandpa think is great also finds a place in the little ones' hearts. Give sensibly is the motto and do not give too much. The latter overwhelms us faster than we can breathe. Also, the gifts should inspire creativity, cognitive thinking or even motor skills. Wish lists are a good help here for all gift-givers. Ask the child and think together with the little ones what would really be a great gift and what would be appropriate right now. Order our magazine with our I wish for stickers or create a wishlist online. Have a look with your child and you will find many wishes for birthday, christmas or other occasions. This is how you create a world of play at home, which really allows creative play, is sensible and fun!

Wrapped sustainably - it can be used in many ways - nothing goes to the bin.
